LETTER OF TRANSMITTAL.

DEPARTMENT OF COMMERCE,
BUREAU OF THE CENSUS,
Washington, D. C., December 13, 1913.

SIR:

I have the honor to transmit herewith a series of tables presenting data relative to the inmates of institutions for the insane and feeble-minded as enumerated in the special census of these classes which was taken in 1910. This census was entirely distinct from the general census of population taken in the same year. It included all inmates present in institutions for the insane and feeble-minded on January 1, 1910, and all persons committed to such institutions during the year 1910. The schedules supplying the required data were filled out by some officer or other employee in each institution, acting as a special agent of the Bureau of the Census.

The tables herewith submitted present in full detail the results of the tabulation of the data thus obtained. It is the intention of the bureau to issue later a brief analytical text discussing the statistics and giving percentages and rates.

The work of taking this census of the insane and feeble-minded and tabulating the returns was conducted under the supervision of Dr. Joseph A. Hill, expert special agent in the Bureau of the Census, assisted by Mr. Lewis Meriam.

Respectfully,

M. J. Harris
Director of the Census.

Hon. WILLIAM C. REDFIELD,
Secretary of Commerce.
